Fresher

SUMMARY

Result-Oriented MERN Stack Developer with a strong problem-solving mindset and excellent teamwork skills. Specializes in developing and implementing user interface components using MERN stack. Proficient in various programming languages, frameworks, and technologies. With a keen eye for detail and a burning passion for growth, aims to contribute to exciting projects and make a positive impact in the tech world.

EXPERIENCE

- Developed and maintained full-stack web applications using the MERN (MongoDB, Express.js, React.js, Node.js) stack.
- Collaborated with cross-functional teams including designers, product managers, and other developers to deliver high-quality software
- Implemented RESTful APIs using Node.js and Express.js for seamless data communication between the front-end and back-end.
- Designed and implemented responsive user interfaces using React.js, ensuring compatibility across various browsers and devices.
- Utilized MongoDB for efficient data storage and retrieval, including schema design and database optimization.
- Integrated third-party services and APIs to enhance application functionality and user experience.
- Implemented authentication and authorization features using JWT (JSON Web Tokens) for secure user authentication.
- Utilized Git for version control, maintaining clean and organized code repositories.

PROJECTS

• InstaClone Backend Project-

Personal Project | january 2024- february 2024

- Developed Instagram-inspired backend focusing on user authentication, authorization, and real-time likes.
- Implemented user authentication with Passport.js and Passport Local Mongoose.
- Utilized MongoDB for data storage.
- Collaborated with frontend developers for seamless integration.
- Conducted thorough testing and deployed on cloud platforms for scalability.

• UI-Based Video Player-

Personal Project | December 2023

- Designed and developed a fully responsive video player with upload and download functionalities.
- Implemented an intuitive user interface for seamless video playback on various devices.
- Integrated features for uploading and downloading videos, providing a convenient user experience.
- Ensured cross-browser compatibility and responsiveness for optimal viewing on different screen sizes.

EDUCATION

Bachelor of Technology Institute of Engineering and Rural Technology • Prayagaraj • 2020-2024

SKILLS

• DSA in C++ (Practice on GFG and Hacker Rank)

HTML, CSS, JAVASCRIPT, TAILWIND CSS

BACKEND- EXPRESS.JS, NODE.JS.

FRONTEND- REACT.JS, VUE.JS AND CHAKRA UI.

DATABASE- MongoDB.
